CATION

At His Desk . . .

The 1960 LANTERN is dedicated—with much respect and admiration—to one who we feel knows of and plays a great part in the spirit of Lambuth College. In 1924 he was selected to be a member of the Lambuth faculty. Since that time, he has taken part in numerous activities and has served in various capacities of the college.

He received his education from Iowa Wesleyan College, Iowa State University, and the University of Arkansas. Before coming to Lambuth he taught at Hendrix College in Conway, Arkansas. He takes an active part in his church, where he teaches a Sunday school class. Some of his hobbies are trees, gardening, nature trails, and corn breeding. His love for nature and the out-of-doors creates a warmth and kindness in him, which is reflected in his teaching.

Lambuth has profited much from his abilities and support. And in honor of our love for him and our gratefulness to him, we dedicate this book to . . .

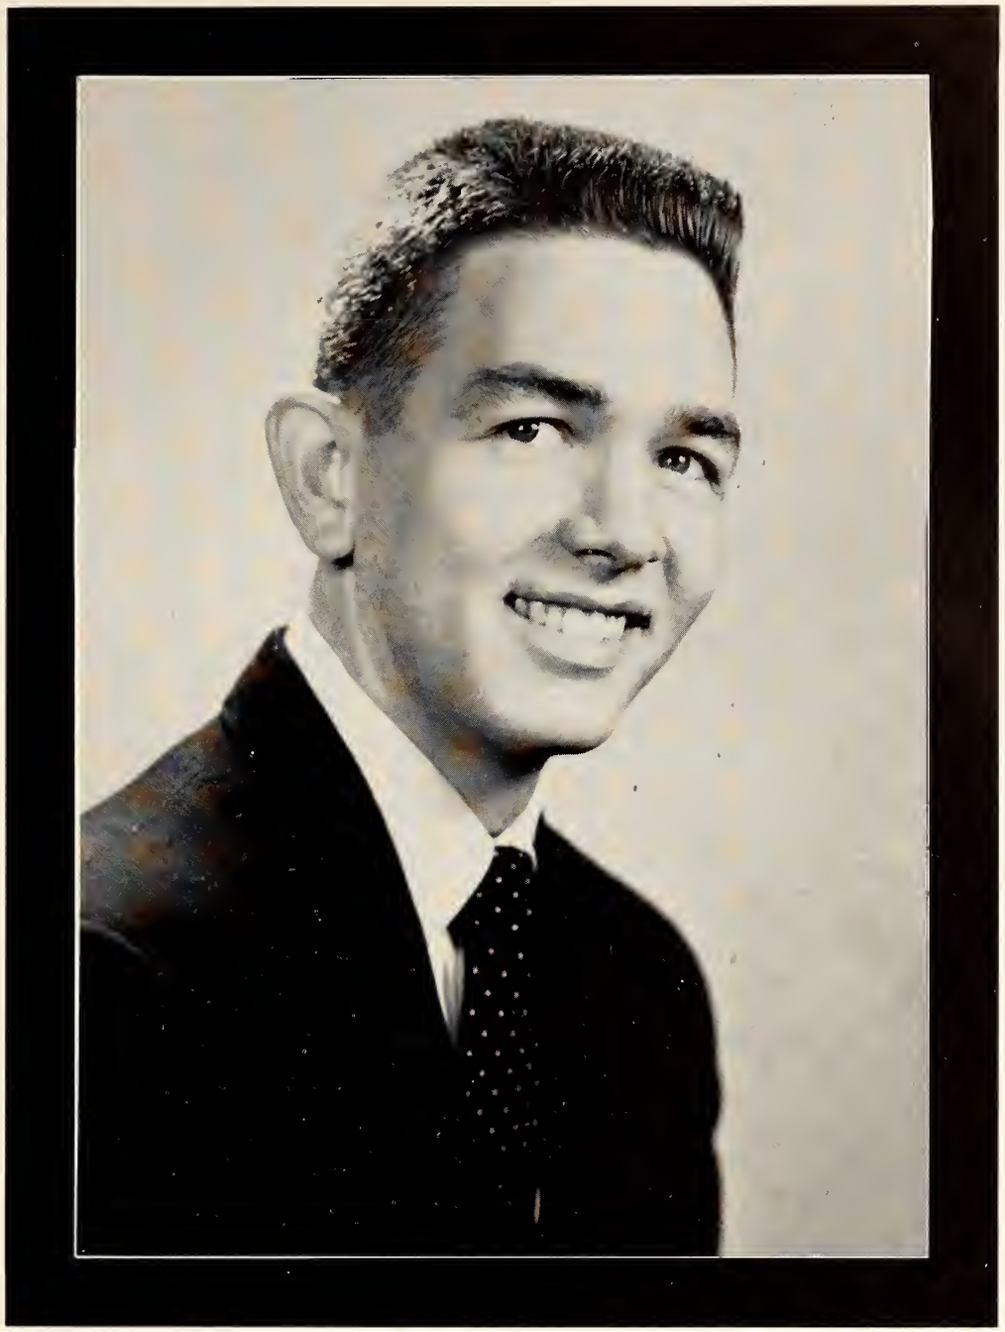

MR. ARTHUR D. OXLEY

IN MEMORIAM

Mrs. Mary Rice
1886-1959

Mrs. Rice was a gentle lady who gave generously of her time and talents to serve the students of Lambuth College. The extra sparkle she gave to our campus has been greatly missed during this year, and the remembrance of her humility and humble smile is with us all.

TO THE MEMORY OF . . .

Thomas B. Moffatt, III
1938-1959

When a young man dies, something in all of us dies with him. When he is a young man like Tommy Moffatt, the loss is even more keenly felt. Tommy was always known on the Lambuth campus as a happy boy, one who smiled often and readily; and in all his dealings, he was known to have generosity and thoughtfulness. There is a warm spot in all our hearts for Tommy, and he will be greatly missed.

DR. LUTHER L. GOBBEL, A.B., M.A., Ph.D.

PRESIDENT

Dr. Gobbel, a native of North Carolina, has served as President of Lambuth College since 1952. In the years of his presidency he has contributed of both his time and effort to the college and has brought about growth physically, as well as spiritually.

Among the developments which have taken place during Dr. Gobbel's presidency are the renovation of the Administration Building, Epworth Hall, and Center Dormitory; the completion of the chapel; the building of Sprague Hall, the Dining Hall, the New Dormitory; the erection of the Student Center; the plans for a new dormitory and a new library; the accrediting of the college in the Southern Association of Colleges and Secondary Schools; and the membership into the Association of American Colleges.

Through Dr. Gobbel, Lambuth College has seen and will continue to see a future of high ideals and standards.

THE ENLIGHTENMENT OF LEARNING IN . . .

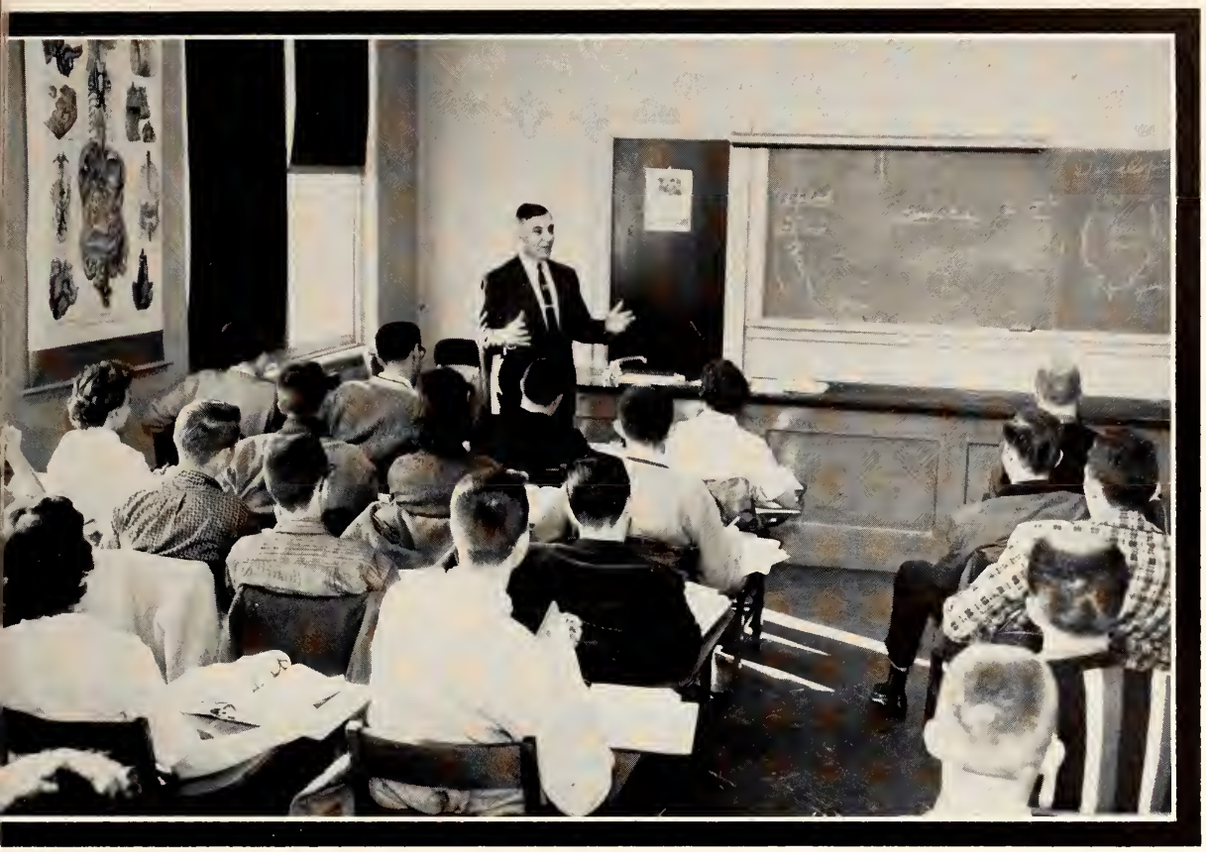

Humanities
Social Studies
Natural Sciences

Lambuth College offers the degrees of Bachelor of Arts and Bachelor of Science. The major objective of the curriculum at Lambuth is to give to its students a well-rounded, liberal education. It attempts to do this by introducing its students to most of those major fields of interest which are included in the humanities, social sciences, and natural sciences. This program of general education is required of all students who receive the bachelor's degree.

BIOLOGY

ORGANIC CHEMISTRY

Lambuth is growing in all fields of its curriculum. One of its most rapidly growing fields is that of art, in which most interest has been shown by the students.

At left, a student receives instructions from her professor.

Home Economics, a field of major interest at Lambuth, offers both a major and a minor. Some of the course subjects included are clothing, foods, table service, art, home management, and child development.

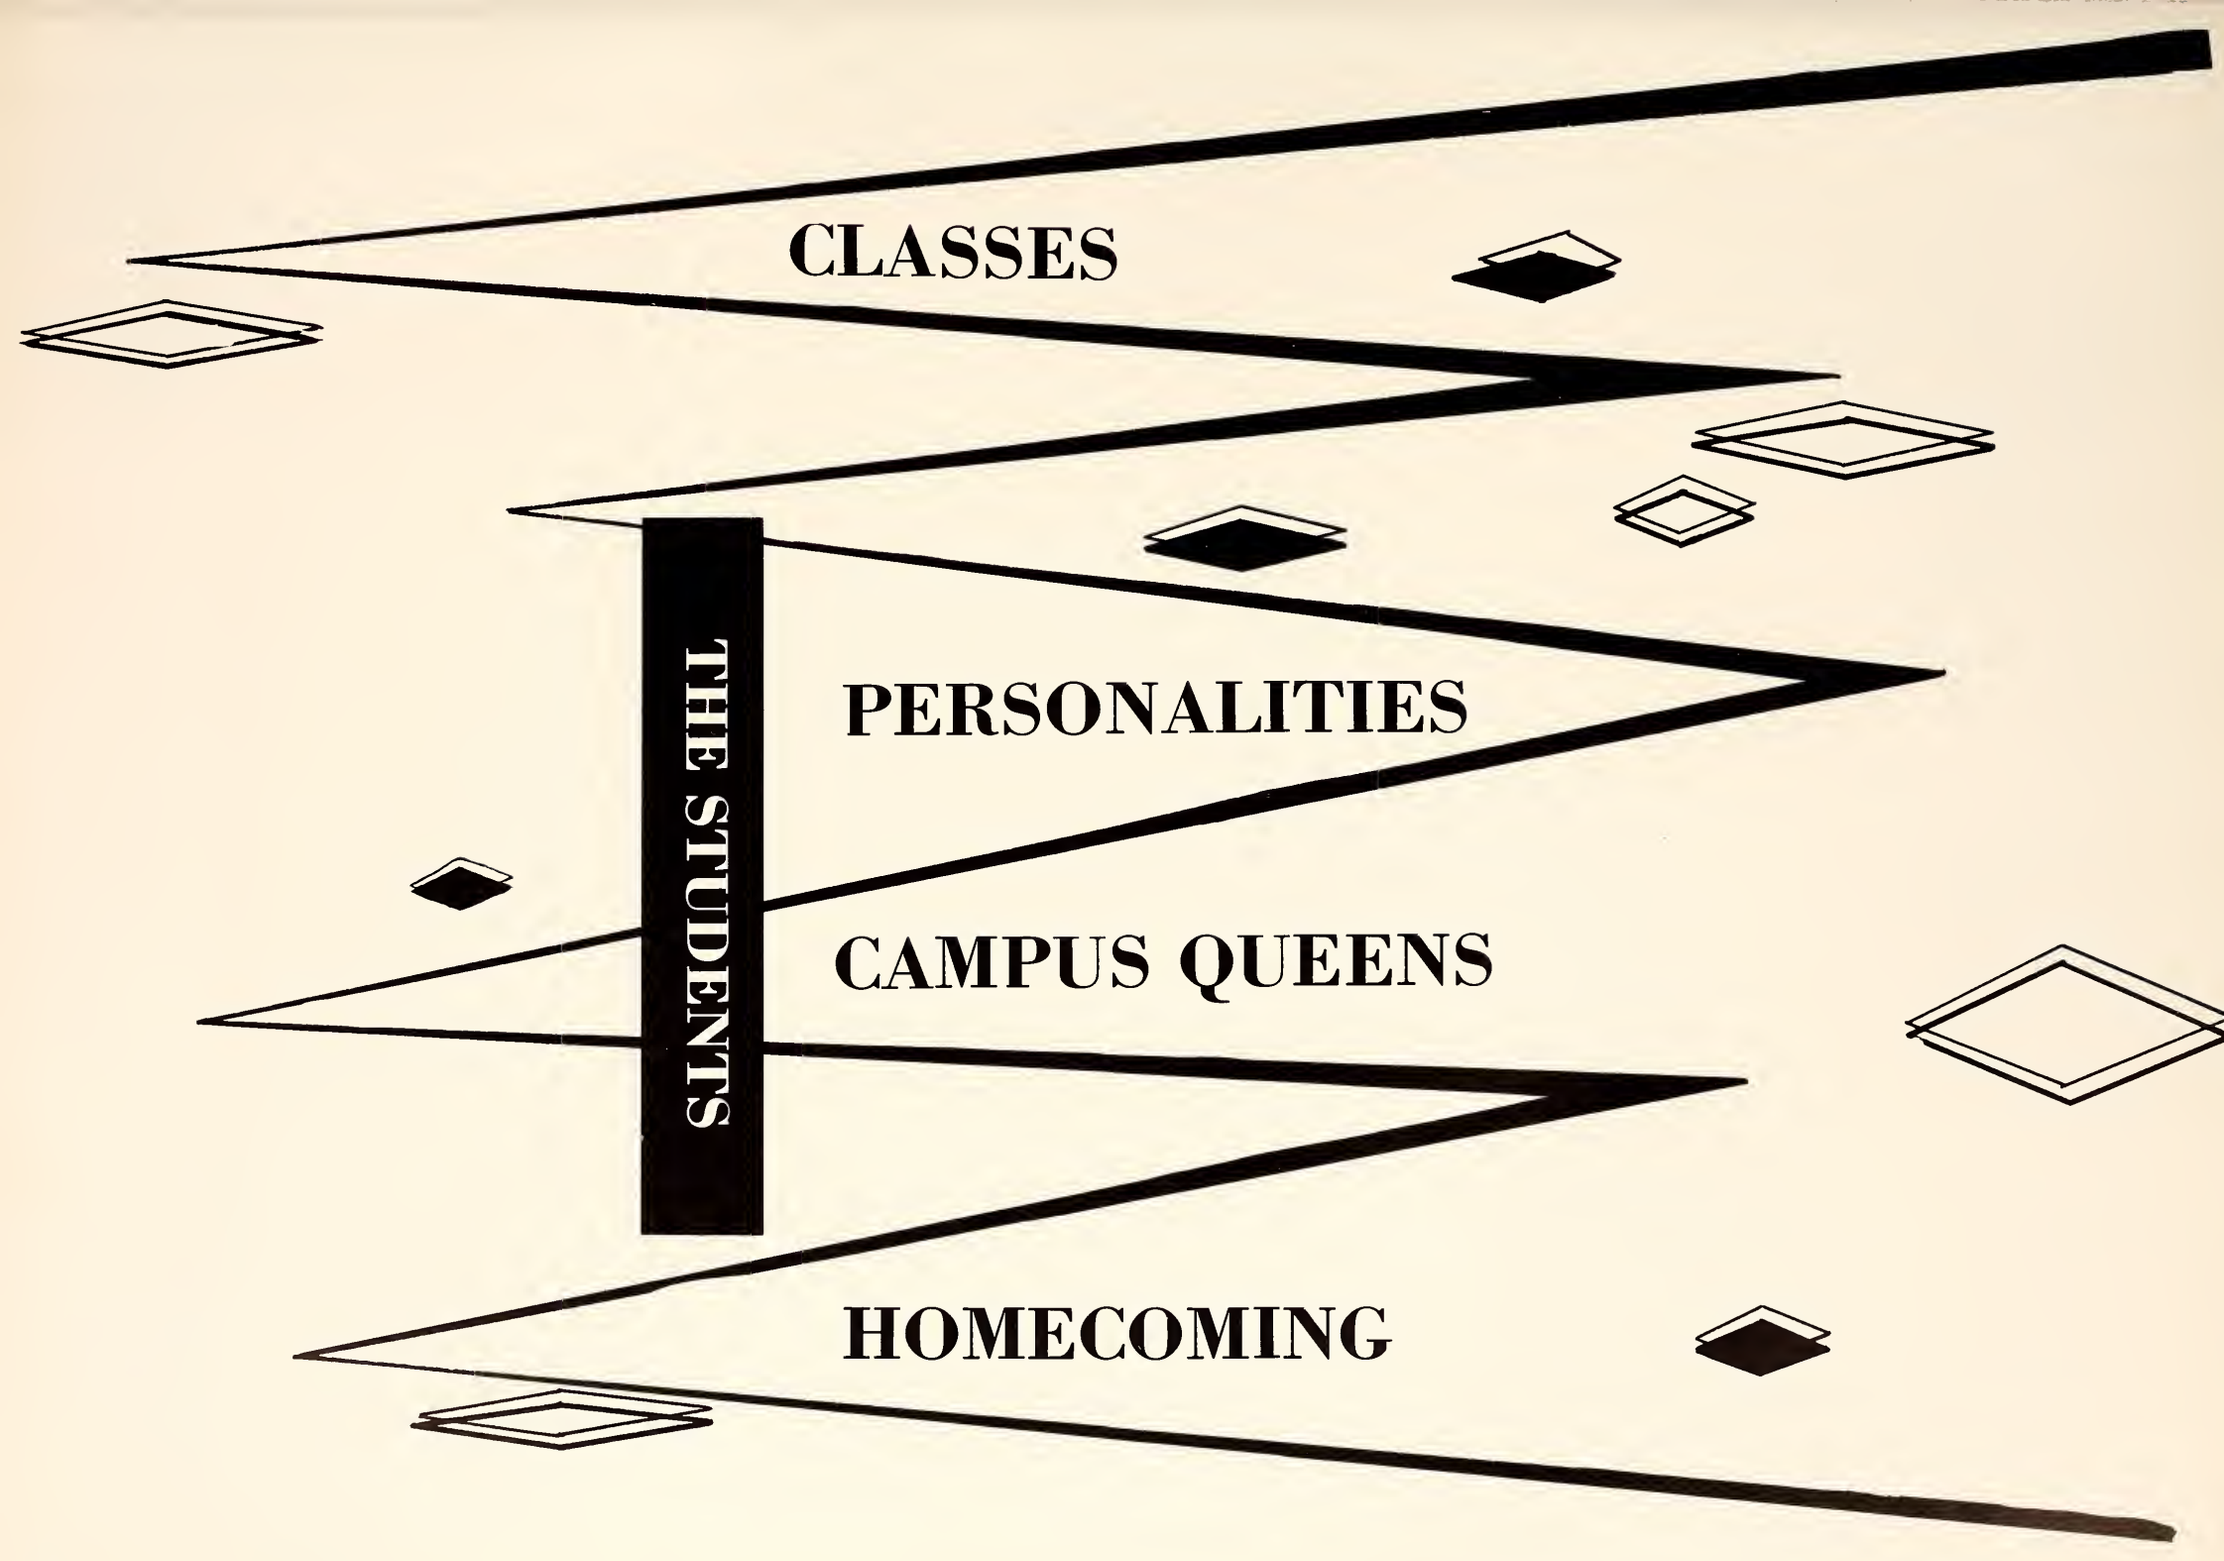

Shown, at right, are two home economics majors in a sewing class.

The program for elementary education majors is almost completely planned for them, being set up according to the standards which must be met for teachers.

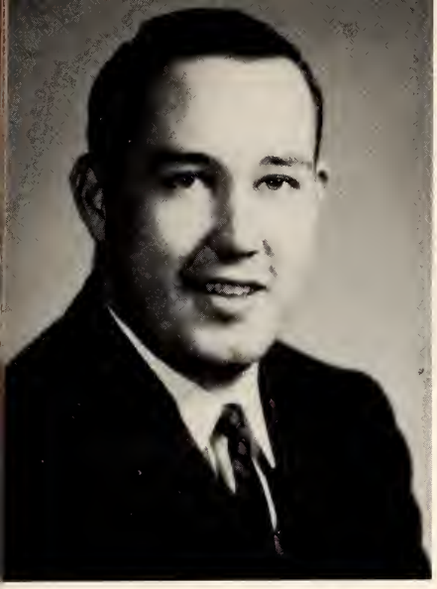

Shown, at left, is a student doing her practice teaching, a planned part of her elementary education program.

Miss Margaret Moore, of Covington, was chosen to reign as Miss Lambuth 1959-60 because of her beauty, talent, and poise.. As illustrated, she keeps busy with her books, letter writing (!), and social life; but also likes to take a little time out for an interesting magazine article.

Margaret has served Lambuth very graciously, and we are grateful to her contribution to our campus.

LAMBUTH THEATER

President: BOB CRUMP
Vice-President: STAN JERNIGAN
Secretary: LANOKA OVERSTREET
Treasurer: NEAL WILDS
Publicity: CAROLYN McDANIEL

The Lambuth Theater is the working organization of the drama department at Lambuth. This organization sponsors plays of merit throughout the year. This is the functioning group dedicated to the production of plays of high quality and worth. All those in Lambuth Theater are not actors; indeed some have not had an acting role in their career as Theater members. However, these people fulfill roles equally important as the actors. Make-up, production, costuming, lighting, and many other jobs are done by these members of the group. Everyone in Lambuth Theater has an important part to play.

DELTA PSI OMEGA

Cast Director: JOHN MINGUS

Sub-Director: STAN JERNIGAN

Secretary-Treasurer: GEORGIA BETH HENSON

Delta Psi Omega is pledged to uphold the highest standards in the field of dramatic arts. Its members are chosen from those who have distinguished themselves by their work in the Lambuth Theater. Only those of the highest merit are extended an invitation to join this honorary fraternity. It is not intended to take the place of the theater group, but rather, as students qualify, they are rewarded by election to this group.

Direct participation in the production of plays in the area of acting constitutes an important part of the merit requirements for eligibility in the fraternity. However, not only acting, but directing, make up, lighting, set production, and play writing are also areas of considerable importance of which the fraternity takes note when choosing its members.

The newly organized fraternity on this campus is a part of a national organization which has chapters on a great number of the large college campuses as well as on many of the smaller college campuses.

The chapter is under the direction of Mrs. Wilma McCague, who is advisor and sponsor.

Progress is advancement. The new buildings of Lambuth College represent material progress toward a better education. We advance spiritually, too, if we use these buildings to their best advantage. They provide situations for the development of all interests to the utmost. Never again in our lives will such opportunities exist; therefore, we must use them to our fullest abilities.

We hope this annual will help you relive all the challenges, accomplishments, and friendships at Lambuth College.
